Statement of Conversion

As a young man I was raised in a loving Christian home. Both of my parents loved the Lord, each other, and us kids. I am one of three children. Attendance and participation in church was a vital part of our family's life. As a young lad I was faced with a question of life after death. I had two uncles (not really my uncles I just called them uncle) pass away which stimulated the question of what happens when you die. The Holy Spirit began to work in my heart implanting these question in my little heart. I heard from my parents and at church, that if I would ask Jesus into my life that I could be saved and would have a home in heaven. One afternoon I went to my father and asked him what I needed to do to get saved. He sat me down on our long black couch and took the Word of God and shared and showed me how to receive Christ as my personal Lord and Savior. On that day, the best I knew how, I prayed and ask Christ to save me. With that prayer of commitment Jesus saved me. And sense that time I have been working out my salvation diligently. My life has been somewhat of a roller coaster of good and bad choices, but with the uncertainty of life and all of its inconsistencies, the one thing I can trust with out a shadow of a doubt is the foundation and security in Christ Jesus our Lord and His salvation. I want to know him more and make him known.

Call to the Gospel Ministry

God implanted in my heart at very young age a true desire and love for music in worship. When I was in High School I began to feel as if God was calling me into the ministry through music. After my freshman year of college I yielded to the calling and surrendered to the ministry that God called me to. I did not feel that God was calling me to Pastoral Ministry, but staff ministry in the areas of worship and young people. After being in Church ministry I began to sense that God was calling me into Student Ministry. At that time in my life, I began full-time vocational ministry. In my life I have experienced bad choices and suffered great consequences due to sin in my life. Because of these life situations, I stepped out of full-time vocational ministry to seek diligently forgiveness and restoration from the Lord. I have also experienced the forgiveness of God and continuous restoration and I have had the privilege to serve in a bi-vocational circumstance in ministry through the Lord's Church. I know there are hurting young people and adults who unfortunately are living a life of frustration. I want to show them, share with them, that choosing faith in God will thrust them down a path that leads to abundant life. And this abundant life only found in passionate pursuit of Jesus Christ.

Doctrinal Statement

My doctrinal convictions are consistent with the Baptist Faith and Message as adopted by the Southern Baptist Convention in June, 2000. This should be interpreted to mean that I believe the Bible is God's Holy Word, breathed by the Holy Spirit, inerrant, infallible, and our absolute authority for faith and practice.
